I Cuoricini

A sweet journey to enjoy together.

It is said that two destined souls are connected by an invisible thread—a delicate bond that ties hearts and paths together, beyond distance and time.

For Valentine's Day, Amedei pays tribute to this ancient Asian legend with "I Cuoricini," two new elegant gift boxes—featuring 9 and 20 chocolate hearts—created to celebrate the most genuine and sincere essence of love, and the beauty in all its forms.

Three extraordinary flavors come together in this sweet expression of affection: the creaminess of milk chocolate, the intensity of dark chocolate, and an irresistible new creation — **the pink heart**. Encased in a white chocolate shell with red fruit powder, the pink heart reveals a soft hazelnut-flavoured center that enchants from the very first bite.

Whether it's romantic love, a deep bond with family, or a friendship that feels like home,

"I Cuoricini" are a symbol of love without boundaries—a gesture carrying a deep and precious message: a way to say that those invisible yet powerful threads that connect us will always lead us back to each other.
